The PayClock PC400 Time and Attendance Terminal is designed exclusively for businesses with up to 1000 employees. Reliability, functionality and ease of use are the trademarks of this terminal. Employees swipe their plastic badges to punch in and out, it's that simple. In addition to the mag stripe badge reader, the PC400 has a build-in keypad that allows employees to enter tips and transfer to different departments directly at the terminal. All of this transaction data is kept safe by a standard internal 5 year lithium battery backup. Partnered with the PayClock for Windows Time and Attendance Software and your personal computer, the PC400 is the perfect solution for small businesses that want to track employee time and automate payroll processing at a reasonable cost.
